Distr.: General
13 August 2003

Resolution 1499 (2003)

Adopted by the Security Council at its 4807th meeting, on 13 August 2003

The Security Council,

Recalling its previous relevant resolutions and statements of its President on the Democratic Republic of the Congo, in particular resolutions 1457 and 1493 (2003),

Welcoming recent progress in the political process and the establishment of the transitional government in the Democratic Republic of the Congo,

Noting with great concern that the plundering of natural resources of the Democratic Republic of the Congo continues, especially in the eastern part of the country, as reported to the Council in an interim briefing, on 24 July 2003, from the Chairman of the Expert Panel on the Illegal Exploitation of Natural Resources and Other Forms of Wealth of the Democratic Republic of the Congo (hereinafter "the Panel"), and *stressing* that appropriate action should be taken with regard to those responsible for such activities,

Taking note of the Panel's efforts to establish constructive dialogue with individuals, companies and States named in its report (S/2002/1146) of 15 October 2002,

Welcoming the publication, as an attachment to the Panel's report, of the reactions of those individuals, companies and States,

Recognizing that exchanging information and attempting to resolve issues will help the transparency of the Panel's work as well as heighten awareness of the illegal exploitation of natural resources and other forms of wealth of the Democratic Republic of the Congo in the context of the conflict and, in particular, its connection with the illicit trade of small arms and light weapons,

Taking note of the Panel's intent, in accordance with paragraph 9 of resolution 1457, to remove from the annexes attached to its report the names of those parties with which it has or will have reached a resolution by the end of its mandate,

Renewing its support to the Panel in its efforts to secure, including through dialogue with parties named in its last report, particularly with governments concerned, a clearer picture of activities related to the illegal exploitation of natural
